

TERRYVILLE PUBLIC LIBRARY 238 MAIN STREET, TERRYVILLE, CT 06786 860-582-3121

Community Service Workers

The library no longer accepts court ordered community service workers. The library serves the public of all ages and must consider the safety and well-being of its users. The library does not have the appropriate resources to validate background checks, nor provide the necessary supervision required.

Students fulfilling school community service credits will be interviewed for appropriate skills prior to acceptance. The library will make every effort to match the library needs with the student's needs and abilities.

The library reserves the right to make exceptions based on the background knowledge we may have of the individual. The library has the right to reject or dismiss any community service worker they determine inappropriate for library work.
