

## Summer Math Passport 2022 Challenge

It is now more important than ever to keep math skills sharp and prevent any further learning loss. In an effort to address this need, the State of Connecticut launched the Commissioner's Summer Math Challenge. Why? Because being mathematically literate is important. Mathematically literate individuals are able to make informed decisions about the world around them and have the interest and confidence to meet the needs and challenges of today's society.

**Connecticut Summer Math Passport Tasks** (Use these links to complete the passport tasks over the summer.)

- [Beach](#)
- [Farmer's Market](#)
- [Gardening](#)
- [Hiking](#)
- [Ice cream](#)
- [Movement](#)
- [Playground](#)

You can record your summer math work on these templates [Link](#)

\*Note: If you are unable to print the templates, you can hand in your math work on paper.
